Streaming Freedom is Here.

## About PlayOn Home:

PlayOn Home is a PC-based DVR that allows you to record your favorite streaming shows and movies with your PC to watch anywhere anytime – even when you're offline. With PlayOn Home, you get unlimited recordings for a low monthly fee.

## Key Features:

### Record Anything

Record streaming shows and movies from services like Netflix, Hulu, and Prime Video to take with you and watch later. You can even record an entire TV series with just a single click. Any streaming video can be recorded and downloaded.

### Take Your Recordings With You

Save your recordings over Wi-Fi to any mobile device, tablet, or PC. Watch anytime, anywhere – no data required. You can also restrict downloads to occur during an off-peak window to save your valuable peak bandwidth.

### Watch On Your Big Screen

Cast PlayOn Home recordings to your TV with a Roku, Chromecast or Fire TV.

### Skip The Ads

When you record a show, you can play it back ad-free and enjoy a seamless watching experience.

### Set it And Forget It

"Subscribe" to your favorite shows in PlayOn Home and new episodes of your favorites will automatically be recorded as soon as they come online. Set up your own recording hours to record when you want and conserve peak bandwidth.

## PlayOn Home Channels:

PlayOn Home comes with over 25 channels, including:
